The Glasgow "Bulletin," of 2nd August, 1929, had the following:

"A SCOTTISH NEED.—The decline in American tourist traffic in Scotland is, according to a
tourist agent with whom I have had a chat, due to our failure to advertise our country's special
attractions. A new generation is growing up in U.S.A. which knows not Scotland, and has
never heard of Roderick Dhu, Fitz James, Bonnie Prince Charlie, and Mary Queen of Scots.
The agent suggests the establishment of a well-organised Scottish Tourist Publicity Agency,
which would broadcast the fame of the Lowlands and Highlands in the U.S.A. and on the
Continent."

Spelling Reform.

The Chairman of 1913 British Association (Sir Oliver Lodge), during a discussion of Spelling Reform, said spelling seemed to him a matter of providence: he had no difficulty with it, and bad spelling struck him like a bad note in music—he knew it was wrong, if not why it was wrong. (Neither Sir Oliver nor any one else can say the current spelling is right, nor *why* any departure therefrom is *wrong*). He had known scholarly people unable to spell, but he thought they knew too many languages. Sir Wm. Ramsay described the present system of spelling as an abortion and entirely unscientific. There must be simplification.

MANY persons have from time to time endeavoured to express in terms of money the value of a knowledge of Pitman's Shorthand. The result, at any time, cannot be an exact one, but the attempt shows clear recognition of the fact that Pitman's Shorthand is a valuable asset.

The ability to write Pitman's Shorthand rapidly and to translate it easily is certainly a commercial asset readily saleable at several pounds a week.

PREFACE TO 1930-31 EDITION.

WE have pleasure in producing another issue of our hardy Annual.

The early numbers contained the Officials and Household-ers of Buteshire only. The Anniversaries and Traders were absorbed from the West Coast Almanac, issued at the New Year, and embracing districts outside Buteshire—the phenomenal success of which in Mid Argyll, led to the establishment of the printing office in Lochgilphead.

Rothsay is the most attractive and best known. We would like to see its spirit of enterprise spreading among the other districts. They have each and all something to be proud of. These cannot be properly appreciated until better known. In the present Directory we continue the four distinct parts.

This DIRECTORY is not only at hand for reference at all times throughout the whole county, but it is also ready for reference in the public libraries of Scotland, England, Ireland and Wales, and also in numerous business houses and agencies in busy centres; besides this, we send copies to the passenger steamers communicating with the islands of Buteshire, and these are hung up in their cabins.

The Public Libraries as a rule do not subscribe to other than the few large National Directories. The more numerous and detailed District Directories would cost too much. For years we have sent, complimentarily, copies of ours—which are much appreciated; and we are prepared to increase this number by forwarding other free copies to any Libraries to be named by customers giving orders to the value of £1.

As our Advertising friends appreciate the continued distribution of their announcements facing the ordinary reading matter, we will, on receipt of orders early, keep permanent this decided advantage.

We again give list of Household-ers but do not aspire to compete with the official Voters' Roll—which can be had in whole or in parts.

Our best thanks are again accorded to those who have in any way helped us in this compilation. It takes long and careful vigilance to ascertain and give effect to the continual changes.

HIGGIE & CO., PRINTERS and PUBLISHERS
ROTHESAY, August, 1930.

P.S.—Will the many persons who consult the BUTE COUNTY DIRECTORY in the Libraries, Reading Rooms, Banks, Offices, Shops, etc., throughout the County and beyond it, *free of charge*, please remember that they are indebted for this privilege to the patronage of our Subscribers and Advertisers.

As far as we can see, the information about Millport and Cumbræ is quite correct and thoroughly reliable, so we may take it for granted that the rest of the matter is the same. The book, which runs into 144 pp., should be extremely useful and convenient for the residents of the county of islands, as well as to visitors, especially those who have business dealings with the inhabitants.—*Largs and Millport News*

This useful publication is again to hand. The publishers have been so enterprising as regards its compilation that the Directory is now an absolute necessity to business people who have dealings with the picturesque County of Bute. It should be noted that the Directory also contains a useful almanac.—*Ardrossan Herald*,

"One of the most gratifying messages of good will that has reached us this season comes from Rothesay, Scotland, in the form of a 'Heather Christmas Card' issued by Messrs Higgle & Co., of that favourite resort. The two inside pages are surrounded with mottoes, every one of which breathes a true Scottish sentiment of good will to absent relatives or acquaintances. Along with this card Messrs Higgle & Co., send us a copy of their guide to 'Bonnie Scotland's Resorts,' a wonderful little compendium of descriptive and historical information."—*New Zealand Times*, Wellington.

"They're faur, faur awa', but their hearts are kind and true—

The auld house at hame is ever in their view :

The Bonnie Heilan heather and the billiaps clad wi' snaw—

Their hearts are aye in Scotland though they're faur, faur awa'."

That very useful publication "The Bute County Directory" is now on our desk, having just been issued. That veteran of the printing fraternity, Mr Higgle, is entitled to congratulation on the book, which runs to 150 pages, and is invaluable to anyone doing business in the Burgh or County.—*Rothesay Express*.

Our old friend Mr George Higgle (Higgle & Co., publishers, Rothesay), has once more sent us a copy of his useful Bute (County and Burgh) Directory. The contents appear much as usual, and at least they are not curtailed from previous issues. The Calendar, with its local anniversaries, is an interesting feature, and the events recalled include many Millport ones.—*Largs and Millport Weekly News*.

LONG LIVE THE BUTE DIRECTORY

The **Opinions** of the **Press** and the **Acknowledgments** of **Libraries** are as complimentary as ever. The "Glasgow Evening News" makes the following appreciation of "**Local Colour**."—The compilers of the Bute County Directory have an ingenious method of making up the local colour and stimulating local pride instead of filling up the Calendar with the stock anniversaries. they have put against each date a local happening." Thus—[Two events mentioned]. "It is certainly an idea that makes for 'atmosphere.'"

The *Helensburgh and Gareloch Times* says this useful hand-book is brimful of information regarding the County of Bute. The public officials, lists of householders and business people in this popular health resort will be most serviceable. Notwithstanding the greatly increased cost of production, the price of two shillings has been maintained.

COUNTY OF BUTE.

THE COUNTY OF BUTE comprises the seven islands in the Firth of Clyde, viz, —**BUTE**, the most populous; **ARRAN**, the largest; the **GREAT** and **LITTLE CUMBRAES**, off the Ayrshire Coast; **HOLY ISLE** and **PLADDA**, off Arran; and **INCH-MARNOCK**, off Bute.

The total **AREA OF THE COUNTY** (land and water, exclusive of tidal water) is 139,658 acres, of which 53,510 are mountain and heath lands used for grazing. 3,806 acres are under plantations, and 794 are covered with water. There are 25,981 acres under all kinds of crops, bare fallow and grass, which is a gradual inroad on the mountain heath and hitherto uncultivated land.

The principal **INDUSTRIES** are agriculture, horticulture, and fishing. The islands possess great and varied natural attractions, and are in the forefront as holiday resorts.

The **Population** of the **COUNTY** (including its Burghs of **ROTHESAY** and **MILLPORT**) in 1801 was 11,791; 1831, 14,151; 1861, 16,331; 1881, 17,657. In 1891 it was 18,248 (8,057 males and 10,197 females); and in 1901, 18,786 (8,412 males and 10,374 females)—being an increase of 255 in the ten years—2·1 per cent. There were 4,270 inhabited houses in the islands.

For 1911, the figures were as follows:—

	Males.	Females.	Total.	Revised total.
Arran - - -	2,169	2,402	4,571	4,628*

Parish of North Bute.

THIS is the northern portion of the island of Bute. Port-Bannatyne, its principal village, is two and a-half miles from Rothesay, with which it is connected by tramway. Kames Castle, in the vicinity, is said to be the oldest inhabited castle in the country, and was the ancient seat of the Bannatynes. The village was named after that family—two brothers of whom (John and Gilbert)—received a charter from King Robert the Bruce, for services rendered at Bannockburn.

At the 1921 census, (taken in June instead of April) the parish contained 1201 males and 1529 females—total, 2730.

The Bute County Directory

is the only Publication of the kind printed and published in Buteshire. Its data is carefully compiled, and much time and attention is devoted each year to the careful investigation and noting of the necessary alterations in the personnel of the occupants of public offices, the correct addresses of the general inhabitants, and the latest changes amongst those engaged in business.

The earliest publications connected with Rothesay were Directories, and they are interesting reading even at this time of day.

Our publication not only includes the Burgh of Rothesay (where it has long been most appreciated, but embraces the whole of the County of Bute—from the outlying districts of which more interest is respectfully solicited.

Owing to the increased prices of material and wages, we have been compelled to raise our tariff from pre-war issues, but that advance is not nearly equal to the increased cost of production: We desire not the curtailing of our information, but the continuing of everything as full as possible.

The Isle of Arran.

THIS island, the largest in the group, is famous for the grandeur of its scenery and the variety of its geological deposits. The island is 36 miles in length, 20 in breadth, and is divided into two parishes—Kilbride on the east, and Kilmory in the west. The late King Edward and Queen Alexandra spent a very pleasant holiday in the island after their postponed Coronation in August, 1902, and witnessed some very interesting sheep dog trials—which lengthened their stay

CHARM of the HEATHER

A SPRIG OF SCOTS HEATHER is as lightly thought of at home as a drink of cold water (of which there is more than enough to spare), but it is an inspiration and a valued reminder of the pleasantest of memories to Scots and their friends abroad.

The exchange of national floral emblems will yet become exceedingly popular among those who work for human brotherhood.

We produced Victory Commemoration Bookmarks—in connection with the Armistice, the Signing of Peace and the succeeding Joy Day Celebrations,—which were considered very appropriate.

Remember Friends Abroad.

While enjoying holidays remember to gather sprigs to send to friends abroad, or in response to appeals you will see in leading Scottish weekly newspapers.

We have for years sent boxesfull of heather to friends and societies abroad. We frequently respond to newspaper appeals, and the following is a sample of the acknowledgments received :—

East London, C. P., So. Africa, 18th Dec.

Mr George Higgle, 22 Bridge St., Rothesay, Scotland.

On behalf of the East London Caledonian Society I wish to thank you for being so kind in responding to my appeal for heather, which was sold on our Patron Saint's Day, and realised the very handsome sum of £265 5/11. and has been forwarded to the fund for disabled Sailors and Soldiers. The heather was received in first-class condition, and was much prized —Yours faithfully, JAMES FORBES,

Convener of Heather Committee.

It is not only Scots abroad who enjoy a sprig of something that actually grew at home. The Glasgow 'Evening Times,' while the above acknowledgment was on the ocean, printed the following ;—" Flower girls in Argyle Street are making brave display with the mimosa, which comes to us from the Continent before the swallows or even the daffodils dare. It is one of the indications, after the shortest day, that somewhere the sun is shining, and that winter is waning. Australians in town are greatly cheered by the golden glory, for the mimosa is the wattle of their homeland, carrying with it the same significance as the heather to a Scot abroad."

Colonials and others on holiday in this country, have thanked us personally for sending them souvenirs of Scotland when far away; and others have reciprocated by sending preserved leaves and flowers from their distant lands.

The exchange of national floral emblems will yet become exceedingly popular.

Botanical Specimens go through the post at letter, sample or parcel rates.

We intend to treat similarly, special Quotations from the **Irish** and **Welsh Gaelic**, and make attempts to collect and print tit-bits from the vernaculars of the boy scouts represented at the **INTERNATIONAL JAMBOREE** in **GREAT BRITAIN, AUG, 1929.** and similar Chumships throughout the World.

BUSINESS *Education.*

SHORTHAND TYPEWRITING, ESPERANTO, AND BOOK-KEEPING.

MR HIGGIE'S CLASSES FOR PRACTICAL INSTRUCTION are conducted during the two Winter Quarters—October till December and January till March.

PRIVATE TUITION BY ARRANGEMENT.

Shorthand continues to be taught with a view to its subsequent usefulness in Business and Professionally.

In **Typewriting** special attention is devoted to Punctuation and Capitalisation—a thorough knowledge of which is absolutely necessary in Practical Printing and cannot longer be neglected by those aspiring to be First-Class Typists.

Esperanto.—This wonderful International Language is already used for Business and Pleasure in all parts of the world. Mr HIGGIE is in touch with important regions all over the world, and regularly corresponds with persons everywhere—notwithstanding their different national languages.

This auxiliary language anticipates the happy time when there will be “Peace on earth and good will to men,” which is coming yet in spite of the present times of “great tribulation”—caused by covetousness, selfishness, greed, and wanton hindrance to peaceful re-construction. The efficacy of the International language in tracing missing friends and making new ones has been and is being repeatedly evidenced.

Anticipating the boom in International Trading after the World War, experiments by means of inter-correspondence in Esperanto are being made by business firms throughout the world with eminently satisfactory results. It is not the tyrants but the “meek who shall inherit the earth.” The blatant, self-righteous and arrogant despot were beaten, but Righteousness is yet to be exalted, and frightfulness loathed. The longed-for League of Nations is evolving, when harmony and good-will shall yet reign in spite of all present discord and opposition—but not without many sacrifices, much service and suffering. Prosperity will not come through desiring something for nothing, but through universal patient industry for the public good.

Book-Keeping.—Instruction given in Book-Keeping and other Up-to-Date Business Methods. Advertisement Writing is a Present Day Enviably Profession, and the ground-work and minutiae have long been familiar to Mr Higgle, a practical Printer.

Messrs HIGGIE & COY'S ESPERANTO PUBLICATIONS are known, read and appreciated throughout the whole civilised world. Many of the contributions are written by up-to-date foreigners.

PEACE, HONOUR and GOOD WILL

More than Christians believe that the Whole Human Family
will yet live together as Brethren.

THE GREAT CREATOR OF ALL made of one blood all races of Humanity but our forefathers got separated and estranged. The confusion of tongues did not cause them to be irreligious, the phenomenal success of the Boy Scout movement, generated by Sir Robert Baden Powell, demonstrates that latent good-fellowship, gratitude and honour can grow and mature. Long ago, the Prophet Zephaniah foretold the coming of a perfect language—which, in these latter times, the people are longing for in order to overcome misunderstandings and know and enjoy mutual intercourse in business and pleasure. The walls of Jericho fell very simply, and the lingual walls which have hitherto divided the nations, need no longer prevent all people that on earth do dwell—whatever their creeds, colour or idiosyncrasies—from satisfactorily communicating with each other by means of

ESPERANTO, The International Language.

Up-to Date **Mariners** use the **International Code of Signals** at sea.
Up-to-Date **Musicians** use the **International Staff Notation** for Music.
Up-to-Date **Businesses** use the **International Arithmetic** everywhere.
Up-to-Date **Persons** all } use the **International Language** { for intercom-

Esperanto, like ENGLISH, is made up from other languages: its roots are taken from the same jungle, but scientifically treated in a garden pro bono publico.

The 11th Annual International Congress was to have been held in Edinburgh in 1915, but the Great War, which prevented the holding the 10th in Paris the previous year, was the means of causing the transfer of the 11th to San Francisco. To commemorate the opening of the Panama Canal a big Exhibition was held there, and a Tuta Pacifika Esperanto Kongreso developed into the 11a Tuta Mondo Esperanto Kongreso.

The 12th Kongreso Internacia was held at th Hague, Holland in 1920; the 13th at Prague, in 1921; the 14th at Helsingfors, Finland, in 1922; the 15th at Nürnberg in 1923, the 16th at Vienna in 1924, the 17th the following August again at Geneva; and the 18th at **Edinburgh**, in **1926** (when the Holy Bible, in Esperanto, was dedicated in St Giles' Cathedral). National congresses are held annually in all civilised countries, and international congresses in both hemispheres.

Esperanto--the language of Peace on Earth and universal brotherhood—is steadily spreading. It is much easier to learn and comprehend than any national language, and does the work of all. On the Continent during the Great War it was an incalculable blessing to Red Cross work and tracing the missing. It was a veritable open sesame into everything good. The world-wide Boy Scout movement has taken up the study of la kara lingvo. It is used at the great and happy international Jamborees—meetings so harmonious that they are appropriately closed by the singing of "Auld Langsyne."

Esperanto has been adopted by the League of Nations, League of Religions, and numerous business firms, tourist organisations and scientific societies everywhere. It is, of course, regularly broadcast by wireless.

The **22nd Kongreso Internacia**, held at **Oxford** in **1930**.
